Strasburg, VA - The Town of Strasburg officially closed on the purchase of 115. W. King Street on Monday, December 19, 2022. The Town Council approved authorizing the town manager to proceed with the purchase at their December 6, 2022, Work Session; the vote was unanimous. The site is the former BB&T Bank which later became Truist.

The building, built in 1955, is located at the corner of W. King Street and S. Holliday Street and contains 6,440 sq. ft. and sits on a 0.546-acre lot. The purchase of the building is the first step in providing adequate space for the delivery of town services to its citizens. Town Council has indicated for the past several years that additional space was needed and with the closure of the bank, the downtown location became a priority. Assessment of the building will begin in early 2023 to determine which town services will be best served by the building, followed by layout design and renovations.

The building is expected to be completed and ready for Town use in 2024.
