Re: Monthly Update to Council

# Finances and Auditing

 Our annual audit reviews have gone very well. The annual audit report and financial report should be available by late fall.

# Due Dates and Anticipated Items

- There are 55 days until Tuesday, December 5th, 2023 (2nd Half Tax Due Date)
- 2nd Half Tax Billings will be mailed out in November.

# Customer Interaction and Information

- Preparation of annual filing for unclaimed property (due 10/31/23)
- Continued work on the GFOA FY24 Budget Presentation Application
- Designing the FY23 Popular Annual Financial Report (PAFR)

To: Mayor Boies and Strasburg Town Council

From: Water Treatment Plant Superintendent, Phil Gimple

Date: 10/6/2023

Re: Monthly Update to Council

#### TREATMENT

• Water Treatment Plant produced 27.68 MG for the month of September.

- Operating at 37% capacity
- Average daily production .923 MGD

#### **OPERATIONS**

• Operator Brett Speakman passed his DPOR Class 2 Waterworks Exam

#### **BULK WATER SALES**

• Staff filled 21 bulk water trucks for a total of 16,898 gallons.

#### FORT HILL WATER TANK

- T-Mobile
  - Decommissioning work needs to be completed on an old panel left behind by Sprint/Shentel.
  - Dirt left over from the generator installation needs to be spread out and the ground leveled on tank site.
- Verizon
  - Waiting on some brackets to be delivered so they can complete their cable installation on the ladder leg.
- Utility Services (Tank Maintenance Company)

- Waiting for AMI Antenna installation to be completed so they can install the painted shrouds over the cables running up the side of the bowl of the tank.
- Core & Main (AMI)
  - Still needs to install the gateway panel and antenna on the tank site.
  - Town will have electrician run electric to the gateway panel once installed.

## **JUNCTION PUMP STATION**

• Ortts Electric is scheduled to fix the damaged pump station panel on 10/11/2023. The panel was damaged by Buckley Cable. All costs associated with the repairs are being covered by Buckley Cable.

## HYPOCHLORITE FEED SYSTEM CIP PROJECT

- The 3 new hypochlorite feeders have been installed.
- Existing chemical supply piping needs to replaced by the new supply line.
- Tank #1 isolation valve has developed a leak. Have to wait for tank levels to drop to .5ft before repairs can be made.
- Project is still around 90% complete due to the leak.

#### SCADA RADIO UPGRADE CIP PROJECT

- Instrulogic installed the antenna at the Fort Hill Tank. Coax still needs to be run into the building and equipment installed.
- All remaining sites to follow once the Fort Hill Tank installation is complete.
- The contractor had to order more coax cable to install the equipment.

#### **DROUGHT**

- Drought conditions improved with the recent rain events. Flows improved from a low flow of 41 cubic feet per second (cfs) on September 6<sup>th</sup> to the current flow rate of 86 cfs.
- River levels and flows at Burnshire Dam have dropped back some over the last week but appear to be leveling off.
- We will continue to monitor the drought conditions and make changes to operations and drought status as deemed necessary.

#### ALGAE

- Staff continued to monitor algal blooms in the river and conducted weekly testing up to 10/3/20223.
- Weekly testing was used to confirm there were no active blooms in the river this year.
- Visual observations of the river have determined that we are no longer in algal bloom season.
